

Hello CEF of SW FL Family!

We're having a great time with our [Puzzle Mania fundraiser!](#) I wanted to make a clarification that I failed to communicate when we launched this event.

It is our wish that this event will enable you to share about CEF with friends, family, neighbors, coworkers, or others in the community that may not know about the ministry you serve with! While many of those people are ones you would encounter at church, it was our intent that this outreach happen out in the community. **We would ask that you refrain from sharing this opportunity at church unless you have the prior approval of church leadership.**

We are grateful for each church partner and want to respect their (and your) opportunity to worship corporately and not interfere or disrupt that in anyway.

We are also so grateful for your decision to serve with our ministry!

If you have any questions concerning this update, or the format of this fundraiser please feel free to contact me!

Nathan Frook
